Good morning,

I had some trouble with the doodle poll for the [Ex. 6 Personal Privacy (PP)] tours, but wanted you to know that I will only go to the [Ex. 6 Personal Privacy (PP)] facility. Annette and Kent are not interested in the EPDM material so there is no need for me to gather information on that second facility in Lancaster. I have conflicts on all of the proposed dates but will try to organize my schedule around the York tour once I know the date.

Also, I am suggesting some additional questions for the discussions with [Ex. 6 Personal Privacy (PP)]. I've been told anecdotally that indoor facilities may not contain crumb rubber, or if they do, that they may not contain as much as what is in outdoor fields. I think we need to ask about any differences or similarities between indoor and outdoor fields.

That's it for now. I will talk to you all later in the week.

Jackie

Hi all,

As part of the federal action plan on the use of recycled tire crumb in sports fields, we will be touring [Ex. 6 Personal Privacy (PP)] tire processing facilities in [Ex. 6 Personal Privacy (PP)].

Please respond to the Doodle poll so we can lock down the date for the tour,

**Ex. 6 Personal Privacy (PP)**

Thank you,  
Ksenija
